Subject: info still needed for 2012

Hi Cindy,

I went through my comments and here is what I think is missing. If you think someone has already sent it, just tell me who, so I can search my email for it.

Comment:

A1: I don't believe I've gotten a written rationale for why this wasn't listed.

A3c: Don't think I've gotten anything on Mosquito Lake (was this the one that just started, so there is no data yet???)

A4: I didn't specifically in my comments, but will need a rationale (or explanation) for why Kenai wasn't listed in order to make my approval/disapproval decision.

B1: Info on monitoring prioritization and schedule

B5: Something in writing about why RCRA data wasn't sufficient for a Women's Bay decision.

B6: I haven't gotten the final update for the EVOS beaches 4b.

B7: Something in writing responding to this.

B9: Documentation of these actions.

You can turn these in with the final, but I'd love them beforehand to get started on. Thanks.

jill
